Field Trip Handout

KidZooKit

For teachers and chaperones. Free, no signup.

Before the trip

- Preview the virtual field trip with your class: live cams and short films, free, no signup.
- Pick 3 to 5 animals or exhibits for each group to find.
- Print this page or the Scavenger Hunt or Animal Bingo sheets from kidzookit.com/printables.

During the trip

- Give each group a chaperone and one finding goal.
- Ask for noticing, not just naming: What do you see? What is it doing right now?
- Remind students to keep a quiet distance and follow exhibit rules.

Talk prompts to use anywhere

- Spot an animal with stripes. What else is striped?
- Find an animal that is moving. Find one that is resting. How are they different?
- Pick one animal and describe it without saying its name.

After the trip

- Students draw their favorite find and write one sentence about it.
- Open an animal card together and compare it with what students saw.

Class / group: _____ **Date:** _____

Our group goal: _____
